

▶ Application

SHF type bell has novelty, loud and clear voice, sweet, saves power, no spark-type bell for AC 380V and below system, used in factories, offices, schools, railways, indoor and outdoor public places.

▶ Technical Data

| Type | Rated voltage AC V | Bell diameter mm | Power W | Color |
|---------|---------------------------------------|------------------|---------|-----------------|
| SHF-125 | 6、12、24、36、 48、110、127、 220、380 | 125 | 20 | Black/ White |
| SHF-150 | | 150 | 20 | |
| SHF-200 | | 200 | 35 | |
| SHF-250 | | 250 | 35 | |
| SHF-300 | | 300 | 35 | |

▶ Terms and conditions

- 1) Ambient temperature: -40℃ to 40℃
- 2) Relative humidity less than 85%
- 3) The operating voltage within ± 10% of rated voltage range
- 4) Don't use in metal corrosion and breakdown of gas and dust (including conductive dust) environment
- 5) In the absence of rain and snow in places
